We just had to share with you this awesome report  
from our Convalescent Home Ministry about

## God's Miracle Working Power

At Chelsea Place, six residents raised their hands for Salvation and the workers prayed together with them. What a meeting of many victories! After the meeting, a resident came over excitedly and said to the worker, "Do you want to see a miracle that Jesus did? I can walk now, let me show you." The worker started to talk him out of getting out of his wheelchair because she was afraid he might fall. He got frustrated with the worker and said, "Where is your faith? Don't you have any? Don't you believe?" Even though she was embarrassed, she checked with the rec. director., who said it would be okay. The worker stepped away, and with such pride and joy, this resident stood up, grabbed his walker and walked all over the room!!! (This resident had left the meeting to get his walker so he could show the workers what God had done for him!) He said, "This is what Jesus did for me - I can walk again, and soon I know I won't need the walker because He's going to make my legs even stronger."

Well, while the workers were all rejoicing with him, a female resident came in, walking also with a walker. With tears of joy, she said the same thing - "God gave me a miracle." She said, "Remember at the last meeting, I was sitting over there in a wheelchair? I never thought I was ever going to walk again, but something happened to me, and it's been two weeks now, and I am walking. Look at me! Jesus still does miracles; I don't need the wheelchair anymore! He has been there for me, and He has been my support." Her eyes again filled with tears as she hugged us, rejoicing!
